Policies For Use

Scheduling an Event: All events are scheduled through the Christ Chapel Coordinator at Boise State University, 426-3350. Events will not be scheduled for holidays and when large events are planned for the BSU Stadium or the Taco Bell Arena.

When you call or write regarding the date that you have held or a date you are interested in holding always make reference to the date. This will help us to assist you more promptly.

Cost: The chapel rental rate is $50.00 per hour with the minimum time requirement being one hour.

Parking: Please contact Parking and Transportation at 426-7275 to make arrangements for parking passes for your event.

Lease Agreement: After you confirm your event, the lease agreement will be mailed to you. Please review and sign one copy and return it along with a check for the correct amount made out to the Christ Chapel Historical Society, Inc.

Preview, organ and practice before the event: Should you wish to show others the chapel, schedule organ practice, etc., the key is available from 8:00 a.m. to 3:30 p.m. Monday through Friday (other than a holiday) at the Facilities, Operations & Maintenance building located at 1455 University Drive (just to the east of Campus Recreation). Your driver’s license will be held while you have the key and are viewing the Chapel.

For your event, please park in either the stadium parking lot and/or on Cesar Chavez Lane. Access the chapel area off Broadway Avenue. This prevents congestion when there are other events on campus. All Christ Chapel patrons will be required to display the provided parking permit in their car window to prevent ticketing by BSU officials.

NOTE: Even though there may be no activities scheduled at BSU Stadium, Pavilion, and Morrison Center or in the gyms at the time you schedule your event, BSU may schedule events that could interfere with parking at the Chapel by the time your event takes place.

CHAPEL CAPACITY 100 GUESTS

Make checks payable to The Christ Chapel Historical Society, Inc.
